The Honorable Paul S. Sarbanes
United States Senate
Washington, D.C. 20510

Dear Senator Sarbanes:

STAT
STAT
This is in response to your letter of 10 April 1986
enclosing correspondence from your constituent, [redacted]
[redacted] expresses concern regarding physical
security protection for the Central Intelligence Agency (CIA).

STAT
Please assure [redacted] that CIA is also very concerned
about the security protection of our personnel and
facilities. Because of this, security has been operating at
a heightened alert level and has taken additional action to
reinforce physical security at all of our facilities.

With regard to the Federal Protective Officers (FPOs)
having an opportunity to become Special Protective Officers
(SPOs), CIA and the General Services Administration (GSA) are
now completing the final phases of a three-year transition
which has allowed two of our buildings to be staffed with
SPOs. This has resulted in a significant improvement in
security. CIA has now decided to seek a further delegation
of protection slots from GSA for other CIA facilities in the
area. If this action succeeds, all FPOs who meet CIA staff
standards will be offered employment at CIA.

I hope this information is helpful to you.

Sincerely,

[redacted signature box]
